### FEATURE ARTICLES

- 284** **Psychologically Abusive Behavior by Those Caring for the Elderly in a Domestic Context**

*Jing-Jy Wang, Jong-Ni Liu, and Feng-Ping Lee*

This study attempted to determine whether caregivers psychologically abuse their elderly care recipients and identify risk factors contributing to such abuse.

- 292** **Geriatric Nursing Education Credit Application**

- 293** **The Quest for Meaning in Aging**

*Sharon L. Moore, Barbara Metcalf, and Elaine Schow*

By sharing their narrative life stories, individuals described how meaning in their lives contributed to a sense of self that allowed them to embrace life with a sense of purpose and enthusiasm.

**300 Health Professionals' Perspectives of Providing Care to People with Dementia in the Acute Setting: Toward Better Practice**

*Sally Borbasi, Jacqueline Jones, Craig Lockwood, and Carolyn Finden*

With support from executive level management, nurses can play a leading role in the implementation of practice change for patients with dementia admitted to the acute setting with a non-dementia-related illness.

**309 Art Therapy: Using the Creative Process for Healing and Hope Among African American Older Adults**

*Carol M. Johnson and Eileen M. Sullivan-Marx*

This article provides an introduction to the field of art therapy and the potential it can offer to address the emotional needs of the frail elderly.
