

2007 Guide To Patient Safety Technology

18

FEATURES

- 18 Automation** Drive nursing activities to the point of care with a closed-loop system. Strengthen communication, improve productivity, and enhance nursing satisfaction and compliance. *By Sandra Troester, RN, MS*
- 22 Bar coding** Bar-coded patient ID: Review an organizational approach to vendor selection. Reduce errors during medication administration, laboratory testing, and blood transfusion. *By Vickie Wickham, RN, MSN, Felicia Miedema, RN, MSN, Karon Gamerainger, RN, MSN, and Jane DeGooyer, RN, MSN*
- 28 Infection control** Beyond the ICU: Nursing's role in decreasing central venous catheter-related bloodstream infections. Bridge the gap between science and practice by establishing evidence-based protocols to prevent vascular device-related bloodstream infections. *By Vicky Drto, RN, CNAAB, BC, MSN, and Linda R. Greene, RN, CIC, MPS*
- 31 Information technology** Genomics meets nursing practice. As the world becomes an increasingly genomic place, nurses must accept and adapt to its inevitable incursion into healthcare. *By Roy L. Simpson, RN, C, CCMA, FNAP, FAAN*
- 34 Point of care** Empower nurses with evidence-based knowledge. Strengthen nursing and patient care by making evidence-based practice a daily standard rather than the exception. *By Sheri Matter, RN, MS, FABC*
- 38 Vascular access** Infuse safety, one pump at a time. New bar-coding infusion pump units reduce infusion mistakes and protect patient safety. *By Judy Krupala, RN, FNP, MSN, Melanie Friedrichs, RN, and J.D. Davis*
- 40 Emerging catheter trends** *By Kelli Rosenthal, RN, BC, ANP, APRN, BC, CRNI, MS*
- 42 Staffing and scheduling** Try point incentives for employee reward and recognition. Inspire your existing resource pool to provide the necessary staffing coverage. *By Babs McKnight, RN, Sharon McDaniel, RN, MSN, and Vivian Ehmman*

Also in this issue...

- 16 Congress2006: Moving tradition forward** This year's gathering educated aspiring and seasoned nurse managers on cutting-edge technologies, new and creative approaches to practice, and much more. *By Dan Pastorius, Senior Editor*
