AND MENTAL HEALTH SERVICES

Features

32 Nature and Prevalence of Stalking Among New Zealand Mental Health Clinicians

More than 70% of respondents reported having experienced stalking behaviors; about half of the perpetrators were clients. It's time to take this issue seriously, so clinicians are aware and supported.

Frances A. Hughes, RN, DNurs, ONZM; Katey Thom, MA; and Robyn Dixon, PhD

40 Striving to Help College Students with Mental Health Issues

Psychiatric nursing faculty can support students by recognizing problems and finding ways to help, like the 3 discussed in this article.

Linda J. Cook, DNSc, RN, BC

47 Neurobiological Effects of Childhood Abuse

Discover 7 evidence-based interventions to address the sequelae of violence and abuse.

Susan Rick, DNS, APRN-CNS; and Dianna H. Douglas, DNS, APRN-CNS
