Original Research: Online Social Networking Patterns Among Adolescents, Young Adults, and Sexual Offenders

By Elizabeth B. Dowdell, Ann W. Burgess, and J. Robert Flores

This study provides nurses and other health care providers with information on the use of social networking sites by middle school, high school, and college-age students, as well as sexual offenders, to better focus education and prevention efforts.

Living Well with Multiple Sclerosis

By Marion Brandis Brodkey, Aliza Bitton Ben-Zacharia, and Jennifer Decker Reardon

This article outlines the pathophysiology of multiple sclerosis, the available therapies to treat it, and the challenges patients face when making treatment decisions at various stages in the course of the disease.

Cultivating Quality: A Program to Train Inpatient Pediatric Nurses in Insulin Pump Use

By Sara B. Einis, Gretchen N. Mednis, Jayne E. Rogers, and Debra A. Walton

Inpatient pediatric nurses need to know how insulin pumps are being used and how to support patients and their families in their diabetes self-care.

Evidence-Based Practice, Step by Step: Evaluating and Disseminating the Impact of an Evidence-Based Intervention: Show and Tell

By Ellen Fineout-Overholt, Lynn Gallagher-Ford, Bernadette Mazurek Melnyk, and Susan B. Stillwell

In this 11th article on implementing evidence-based practice, the team evaluates the impact of their intervention.

Helping Patients with Weight Loss

By Jennifer Andrus

Nutrition, exercise, and lifestyle changes offer the best results.

Reflections: Before the Signal Fades

By Robbie Ravert

Patient and family cell phone use can seem intrusive in a hospital—until it’s not.
CONTENTS

Mission Statement: The leading voice for the nursing profession since 1900, AJN promotes excellence in nursing and health care through the dissemination of evidence-based, peer-reviewed clinical information and original research, discussion of relevant and controversial professional issues, adherence to standards of journalistic integrity and excellence, and promotion of nursing perspectives to the health care community and the public.
