24 Acute Pain Management for Inpatients with Opioid Use Disorder
By Zoe Paschakis and Mertie L. Potter
The authors review current evidence on the management of acute pain in hospitalized patients with opioid use disorder and discuss misconceptions among nurses about pain management in patients with addictive disorders.

34 Sexually Transmitted Infections in the United States: Overview and Update
By Hayley Mark, Amit Dhir, and Callie Roth
This article reviews the epidemiology, screening, diagnosis, and treatment recommendations for the most common sexually transmitted infections, and includes recent findings and new guidelines to help inform nursing practice.

48 Cultivating Quality: Improving Pediatric Temperature Measurement in the ED
By Beth Hurwitz, Joanne Brown, and Gerry Altmiller
A staff-led quality improvement project attempts to determine the method of pediatric temperature measurement that best provides consistent accuracy, increased patient and nurse satisfaction, and a shorter triage process.

67 Ethical Issues: Teaching Crucial Knowledge vs. Helping Out on the Unit
By Douglas P. Olsen, Lisa M. Palmer, and Kathleen Poirndexter
This article explores the ethical considerations that occur when student education and urgent patient care needs are conflicting priorities, and offers suggestions for arriving at a resolution.

72 Reflections: Coming Home to Nursing
By Nancy Walters
A new profession provides an unexpected sense of belonging.
