The Weight of Grief: Lessons in Compassion and Loss

By Jeffrey Fischer

AJN American Journal of Nursing is a peer-reviewed journal. Views expressed in AJN are solely those of the authors or persons quoted. They do not necessarily reflect AJN's views or those of Wolters Kluwer Health, Inc. Images of products used herein do not imply endorsement.

Editorial Information: AJN welcomes unsolicited manuscripts and suggestions for articles. Please read author guidelines and submission instructions at <http://ajn.edmgr.com>. Manuscripts must be submitted for AJN's exclusive use.

Subscriber Services: Address for subscription information, orders, or change of address: 1800 Dual Highway, Suite 200, Hagerstown, MD 21740-6636; phone 800-638-3030; fax 301-223-2400.

Indexing: Annual indexes from 1994 through 1998 are available online at www.nursingcenter.com. You may also search for AJN articles online free of charge through PubMed, www.ncbi.nlm.nih.gov/pubmed. AJN is indexed in MEDLINE, Index Medicus, Chemical Abstracts, Cumulative Index to Nursing and Allied Health Literature, Current Contents, Hospital Literature Index, Nursing Abstracts, International Pharmaceutical Abstracts, Nutritional Abstracts and Reviews, Public Affairs Information Service, Psychological Abstracts, Social Sciences Index

Mission Statement: The leading voice for the nursing profession since 1900, AJN promotes excellence in nursing and health care through the dissemination of evidence-based, peer-reviewed clinical information and original research, discussion of relevant and controversial professional issues, adherence to standards of journalistic integrity and excellence, and promotion of nursing perspectives to the health care community and the public.

FEATURES

22 Original Research

Predictors of Hypoglycemia in Patients with Type 2 Diabetes in Acute Care Settings: A Retrospective Correlational Study

By Veronica Santos Timple, Eligio David Soliman, Gemma Frulla, Lina Najib Kavar, and AnMarie Nguyen

This study aimed to identify predictive factors related to hypoglycemia among inpatients with type 2 diabetes, and to describe the relationship between hypoglycemia and 30-day readmission.

28 Case Report

An Adolescent with Undiagnosed Inattentive-Type Attention Deficit-Hyperactivity Disorder and Comorbid Migraine: A Case Report NCPD

By Kimberly P. Toole and Catherine Frank

This case report describes an adolescent with inattention and migraine who was not diagnosed with attention deficit-hyperactivity disorder until age 14, when the teen established care with an NP experienced in treating ADHD.

35 Legal Clinic

Professional Licensure: Protecting Your Nursing Livelihood, Part 3

By Edie A. Brous

This final article in a three-part series on protecting one's nursing license discusses the public nature of disciplinary action, collateral implications, and suggestions for maintaining one's license in good standing.

40 Evidence-Based Decision-Making

SDC

Librarian Partnerships in DNP Education

By Kerry A. Milner, Roy Brown, Janene Batten, Tami A. Hartzell, and Ellen Fineout-Overholt

This article, the sixth in a series on how to teach and facilitate learning about evidence-based practice and quality improvement, explores how health sciences librarians can be integral partners in DNP education, ultimately enhancing the teaching and learning experience for faculty, students, and clinical mentors.

47 EBDM: Commentary

Health Sciences Librarians

By Cindy Zellefrow

The author explains why partnerships between health sciences librarians and the DNP educational team can "elevate the quality of DNP education."

52 Quality Improvement

The Impact of a Low-Technology Medication Organization System on Hospital-at-Home Medication Errors

By Leah W. Webster, Holly R. Martinez, and J. Colt Cowdell

The authors describe an interdisciplinary quality improvement project to mitigate errors resulting from misplaced or misused medications among hospital-at-home patients.
