FEATURE ARTICLES

- 301** Integrating Geriatric Resources Into
the Classroom: A Virtual Tour
Example

*Wanda Bonnel, Kathy Fletcher, and
Anita Wingate*

Virtual Tour provides an easy way to
expand geriatric resources available to
students and to complement classroom
content.

- 306** Comprehensive Fall Prevention
Programs Across Settings: A Review
of the Literature

*Patricia A. MacCulloch, Terri Gardner, and
Alice Bonner*

This article reviews the literature on
fall prevention and management, and
provides information on national
programs and resources, as well as
public policy related to falls in the
elderly.

**312 A Student-Led Demonstration
Project on Fall Prevention in a
Long-Term Care Facility**

*Alice Bonner, Patricia MacCulloch,
Terri Gardner, and Chantel W. Chase*

The collaboration between a school of nursing and one long-term care facility led to the adoption of a significant quality improvement program which was subsequently extended to a local hospital and clinic system.

**319 In Their Own Words: Older Male
Prisoners' Health Beliefs and
Concerns for the Future**

*Susan J. Loeb, Darrell Steffensmeier, and
Priscilla M. Myco*

The purpose of this study was to examine, in largely exploratory terms, the health beliefs and concerns of older male inmates and the health challenges they anticipate facing upon their return to the community.
