Features

46 The Female Economy
Michael J. Silverstein and Kate Sayre
Women represent the world’s largest market opportunity. Surprisingly, they’re also its most ignored consumer group.

56 Why Sustainability Is Now the Key Driver of Innovation
Ram Nidumolu, C.K. Prahalad, and M.R. Rangaswami
Sustainability is far more than corporate social responsibility. It’s a road to innovation.

68 Using Gifts and Trees to Make Recyclers of Indian Consumers
An Interview with Ambrish Bakaya
As cell phone use surges in emerging markets, Nokia India expands its phone-recycling initiatives. The move is part of the company’s environmental sustainability strategy.

66 On the Horizon: Six Sources of Limitless Energy?
Gardiner Morse
The world’s insatiable appetite for energy has scientists and entrepreneurs exploring ideas that seemed far-fetched not long ago. Will their investments pay off?

70 Creating Value in an Economic Crisis
President Bill Clinton
Short-term thinking got us into the financial mess. Long-term investments in sustainability can lead us out of it.

72 How Strategy Shapes Structure
W. Chan Kim and Renée Mauborgne
Don’t let unattractive environmental and structural conditions trap you. Here’s how your strategy can rebuild your world.

82 Death by Information Overload
Paul Hemp
Rapidly available information is often highly valuable, but it can also be overwhelming to navigate. Here’s a middle course for individuals and companies looking to sail through it all smoothly.

90 Are You Having Trouble Keeping Your Operations Focused?
Robert S. Huckman
Get your operational units to excel at their given tasks and share resources by setting clear objectives, establishing rules for how the units should interact, and managing the inevitable political tensions.

8 COMPANY INDEX

10 FROM THE EDITOR

16 STRATEGIC HUMOR

18 FORETHOUGHT
Why growing like gangbusters is destructive...innovative innovation...Getting service right...One consultant's curiosity shop...Language that resonates with your workers...How green is your strategy?...High potentials moving on up in the downturn.

28 HEALTH & WELL-BEING
Executive Physicals: What's the ROI?
Anthony L. Komaroff, MD
An ounce of prevention is worth...well, it depends.

33 HBR CASE STUDY
Surviving the Boss from Hell
David Silverman
David's boss is driving him crazy with his mannerisms, methods, and micromanagement. Now David's been offered a job elsewhere in the organization—but it's a lateral move without a raise. Should he take the offer anyway, to escape from his current misery? Commentary by Gini Graham Scott, Brad Gilbreath, and Lauren Sontag.

43 FIRST PERSON
Inside Cisco's Search for the Next Big Idea
Guido Jouret
Cisco launched its I-Prize competition hoping to unearth a novel idea that would lead to a new billion-dollar business. In the process, the company discovered that crowdsourcing is far more labor intensive and complex—but perhaps even more valuable—than it had anticipated.

96 HBR AT LARGE
The Coming Battle over Executive Pay
Karen Dillon
Outraged shareholders and policy makers are demanding a say in how business leaders are compensated. The fallout could hamstring companies for years to come.

105 BEST PRACTICE
How to Manage Your Negotiating Team
Jeanne M. Brett, Ray Friedman, and Kristin Behfar
When you sit down at the negotiating table, your biggest challenge may come from your own team members. Follow these steps to avoid shooting yourself in the foot.

111 LETTERS TO THE EDITOR

117 EXECUTIVE SUMMARIES

124 PANEL DISCUSSION
Fortitude or Folly?
Don Moyer
Hesitation, even during a moment of certainty, could save you from disaster.
