feature articles

166 Journey to Anna and Marie

What happens when a woman decides to adopt a child from a foreign country? Do we as nurses understand what families go through in that process, and do we empathize appropriately? This nurse beautifully describes her experiences in China and helps us to understand how to work with mothers of children adopted from another country.

Mary L. Stoeckle, PhD, RN

177 Nurses' Knowledge, Attitudes, and Practices Regarding Children's Pain

Pain management is a hot topic and one that nurses need to consider every day. Do nurses adequately relieve the pain of children in the hospital? What do you think?

Catherine Van Hulle Vincent, PhD, RN

兒童健康

184 Global Maternal Mortality: Contributing Factors and Strategies for Change

CE

As the 2004 Fulbright Scholar to the Russian Federation, Dr. Callister was asked to give this address at the Meetings of the International Commission on the Status of Women, United Nations, March 8, 2004, New York City. MCN is proud to be able to share this with its readers.

Lynn Clark Callister, PhD, RN, FAAN

195 Feeling Normal: Women's Experiences of Menopause After Infertility

Throughout their reproductive lives, women with infertility feel abnormal. What happens to them when they experience menopause and become "normally" infertile?

Ellen Olshansky, DNSc, RNC, FAAN

201 Herb Use in Pregnancy: What Nurses Should Know

CE

Are your patients asking you about which herbs they can use? This article can clear up some confusion about herbal use in pregnancy.

Diane Born, MSN, WHNP, CHTP, and
Mary Lee Barron, MSN, RN, BC, FNP

209 The Perinatal Special Care Unit: Expert Care for High-Risk Patients

How does your institution handle the care of sick pregnant women near term or postpartum? These nurses describe the solution their hospital used and how it has worked.

Nancy J. MacMullen, PhD, APN/CNS, and
Barbara Meagher, MSN, CNM, PNNP, RDMS

Ongoing columns

158 EDITORIAL

Hey, Nineteen

How can we influence young nurses to become faculty members?

Margaret Comerford Freda, EdD, RN, CHES, FAAN

160 SECOND OPINION

Should Medical-Surgical Nursing Experience Be Required for New Graduates Before Working in a Specialty?

Has the time come to discontinue the age-old requirement that time in med-surg is needed before being hired in a perinatal setting? What do you think?

Coordinated by Kathleen Leask Capitulo, DNSc, RN, FACCE

Debaters: Doris C. Vahey, PhD, RN, and
Patricia Z. Lund, EdD, RN

214 INFANT NUTRITION

Fat-Soluble Vitamins E and K

How much do you know about infants' need for these vitamins? How do you counsel parents about this?

Karen Morin, PhD, RN

215 THE NEW NETWORKING

Human Patient Simulators in Maternal-Child Nursing

Are you using human simulators for teaching skills? The literature needs more data about their use.

Patricia McCartney, PhD, RN, FAAN

216 TOWARD EVIDENCE-BASED PRACTICE

Experts suggest how six research articles can be used in nursing practice.

Terri H. Lipman, PhD, CRNP, FAAN, and
Linda Beth Tiedje, PhD, RN, FAAN

220 PERINATAL PATIENT SAFETY

Emergency Drills in Obstetrics

How should your unit be preparing for common obstetrical emergencies? Dr. Simpson explains it all for you.

Kathleen Rice Simpson, PhD, RN, FAAN

2004 Award Winner

MCN AWARDS

The **MCN Practice Article of the Year** and The **MCN Research Article of the Year** are chosen by a distinguished panel of experts, and designate these articles as having outstanding scholarly attributes as well as clear applicability to clinical nursing practice. Each year, award winners will be notified in January and listed in the January/February issue of *MCN*. See the *MCN* Web site for a list of all winners.

**MCN Author Guidelines are available
at www.mcnjournal.com.**

When citing an article from this Journal in your CV or in a reference list, please use the Journal's complete name every time:
