NURSES
for a Healthier Tomorrow

Proud Platinum Sponsor of

Winner of Folio: magazine's 2004 Silver and 2003 Gold Editorial Excellence Awards.

MISSION STATEMENT: Each issue of *Nursing2005* presents the latest practical clinical and professional information based on continuing assessments of nurses' needs. Major features explore core nursing topics such as infection control, pain management, I.V. therapy, and wound care. Complementary articles celebrate the human side of nursing and examine nonclinical topics, such as legal and ethical controversies.

Clear, concise clinical articles use a hands-on, how-to approach so busy readers can save time and readily apply new concepts to everyday practice. Original artwork clarifies complex ideas and aids visual learning. Peer review and the latest nursing evidence support all clinical information.

6 EDITOR'S NOTE

Taking stock of your career

8 LETTERS

Another step for managing diabetic foot ulcers...turning teens on to nursing...cardiac rehabilitation

10 MEDICATION ERRORS

Mixing up fluoxetine and fluvoxamine...flawed automatic dispensing system...don't abbreviate "unit"
