## 2 National Health IT Coordinator applauds nurses as "early adopters"

In an exclusive interview, David Brailer, MD, PhD, describes the nurse leader's role in healthcare IT implementation.

By Nicole T. Taylor

## 8 Healthcare's top 10 IT breakthroughs

How many "techno-trends" touch your daily practice? Get the news on the latest IT developments and see if your facility is on the cutting edge.

By Joyce Sensmeier, RN, BC, MS, CPHIMS, FHIMSS

## 12 Raise care quality, lower costs successfully with IT partnership

Explore the progress made by The Heart Center of Indiana, 2 years after opening its doors.

By Debra Kay Cordes, RN, MSN, and Julie Clarke, RN, CCNA, MS

## 15 Planning for mobile devices: A systems approach

Continually assess devices by unit, type, and user function.

By Sheilah McCoy, RN, BSN

## 19 Optimize I.V. infusion safety

To improve vascular therapy and best comply with JCAHO's 2005 National Patient Safety Goals, evaluate key recommendations as part of a well-rounded safety protocol.

By Mike Brown, RN, CRNI, BA

## 23 Clarify your financial picture with staff management tools

Consistent use of technology is critical to labor cost management and employee satisfaction.

By Diane J. Anderson, RN, MS, and Wanda Shelton, MSW, MBA

LIPPINCOTT WILLIAMS & WILKINS
