## GUEST EDITORIAL
Managing Physical Therapy Resources: An Analogy to the Freedom of the Commons and the Need for Collective Action
*Gerard P. Brennan* ...................................................................................................................... 486

## IN MEMORIAM
In Tribute: Dennis L. Hart, PT, PhD, A Functional Outcome Measurement Visionary
*Mark W. Werneke, Daniel Deutscher, Steven Z. George* .......................................................... 489

## RESEARCH REPORT
*Theresa H. Nakagawa, Érika T.U. Moriya, Carlos D. Maciel, Fábio V. Serrão* ................. 491

## RESEARCH REPORT READ FOR CREDIT QUIZ
Quadrieps Activation Failure After Anterior Cruciate Ligament Rupture Is Not Mediated by Knee Joint Effusion
*Andrew D. Lynch, David S. Logerstedt, Michael J. Axe, Lynn Snyder-Mackler* .............. 502

## CASE REPORTS
Effects of Unloading on Knee Articular Cartilage T1rho and T2 Magnetic Resonance Imaging Relaxation Times: A Case Series
*Richard B. Sousa, Thomas Baum, Samuel Wu, Brian T. Feeley, Nancy Kadel,*
*Xiaojuan Li, Thomas M. Link, Sharmila Majumdar* ................................................................. 511
Preinjury and Postinjury Running Analysis Along With Measurements of Strength and Tendon Length in a Patient With a Surgically Repaired Achilles Tendon Rupture
*Karin Grävare Silbernagel, Richard Willy, Irene Davis* ......................................................... 521

## RESEARCH REPORTS
The Functional Movement Screen: A Reliability Study
*Deydre S. Teghen, Scott W. Shaffer, Chelsea L. Lorenson, Joshua P. Halfpap, Dustin F. Donofry,*
*Michael J. Walker, Jessica L. Dugan, John D. Childs* ............................................................... 530
Lumbar Computerized Adaptive Test and Modified Oswestry Low Back Pain Disability Questionnaire: Relative Validity and Important Change
*Dennis L. Hart, Paul W. Stratford, Mark W. Werneke, Daniel Deutscher, Ying-Chih Wang* ......................................................... 541
Elite Swimmers With Unilateral Shoulder Pain Demonstrate Altered Pattern of Cervical Muscle Activation During a Functional Upper-Limb Task
*Amparo Hidalgo-Losano, Carmen Calderón-Soto, Antonio Domingo-Camara,*
*César Fernández-de-las-Peñas, Pascal Madeleine, Manuel Arroyo-Morales* ........................................... 552
Cross-cultural Adaptation and Measurement Properties of an Italian Version of the Western Ontario Shoulder Instability Index (WOSI)
*Angelo Cacchio, Marco Paolini, Sharon H. Griffin, Francesco Rosa, Gianfranco Properzi, Luca Padua,*
*Roberto Padua, Franco Carnelli, Vittorio Calvisi, Valter Santilli* ........................................... 559

## MUSCULOSKELETAL IMAGING
Scaphoid Fracture in a Patient After a Fall
*Christopher J. Bucenca* ........................................................................................................... 568
Ultrasound Assessment of an Acute Biceps Brachii Injury
*David A. Krause, Jay Smith* .................................................................................................... 569

## PATELLOFEMORAL PAIN SUPPLEMENT
Second International Research Retreat, August 31-September 2, 2011, Ghent, Belgium
Introduction, Consensus Statement, Keynote Addresses, Schedule .............................................. A1
Podium and Poster Presentation Abstracts ...................................................................................... ONLINE
**PERSPECTIVES FOR PATIENTS:** Anterior Knee Pain .......................................................... 573

## DEPARTMENTS
New Products ............................................................................................................................... 574
